WOMEN'S DAY CELEBRATION

BY: HADHIYA

We celebrated Women's Day with joy and enthusiasm, honoring the incredible women in our workplace. The event featured a delightful South Indian snacks counter, followed by an inspiring speech by Sunanda Ma'am. As a token of appreciation, flowers and bottles were gifted to everyone. Organized by Sunanda Ma'am, Minal Ma'am, Sulakshana Ma'am, and Bhavita Ma'am, the event was a great success. A special thanks to our director for sponsoring this memorable celebration, making the day even more special for all.

FESTIVE HOLI CELEBRATION

BY: HADHIYA

The women in our office celebrated Holi with joy and vibrant colors, creating a lively and cheerful atmosphere. It was a wonderful moment of togetherness, laughter, and festive spirit, making the celebration truly special.

SMD DEPARTMENT'S TRANSFORMATION

BY: HADHIYA

The SMD Department has successfully transformed the PCBA stencil area, improving organization and efficiency. Previously chaotic, the area was restructured under Mr. Mahesh's guidance, with key contributions from Mr. Ritesh, Rahul, and Shrinivas.

The team's efforts have resulted in a neatly arranged workspace, clear markings, and better record-keeping, significantly reducing time spent searching for stencils. This proactive initiative sets a great example for process improvement. Well done, team!

AWARDS & RECOGNITION

BY: HADHIYA

As part of our celebrations, we presented two awards to recognize excellence. The Best Department Award was given to the Insertion Line, led by Sonali Mandive. The Star of the Month award was presented to Kajal Sankpal, Senior Testing Engineer, for her innovative jig creation. Congratulations to both!
