www.mitatronics.com

Mitatronics in Collaboration with
Electronics Sector Skill Council Of India [ESSCI] Offers
Free Certified Course for Electronics Technicians

Meeting NSQ Level 4 requirements of ESSCI

Course Duration : 6 Months (24 Weeks)

Percent Waitage : 85% Practical + 15% Theory

Fees : Nil

Stipend : INR 5000/month

Location : Mitatronics, Navi Mumbai

Examination conducted by ESSCI
at the end of the course

FIRST BATCH TRAINING

1 August 2025

Course Directors

Dr. Ratan Sengupta

M.Sc in Physics & Electronics, Ph.D in Electronics Systems Design
48 yrs experience in Electronics Manufacturing and reliability Domain
Ex Chairman: ERTL Mumbai

Mr. Amit Shah

M.Sc in Industrial Engineering with specialization in Electronics Manufacturing
Managing Director: Mitatronics

Course Contents

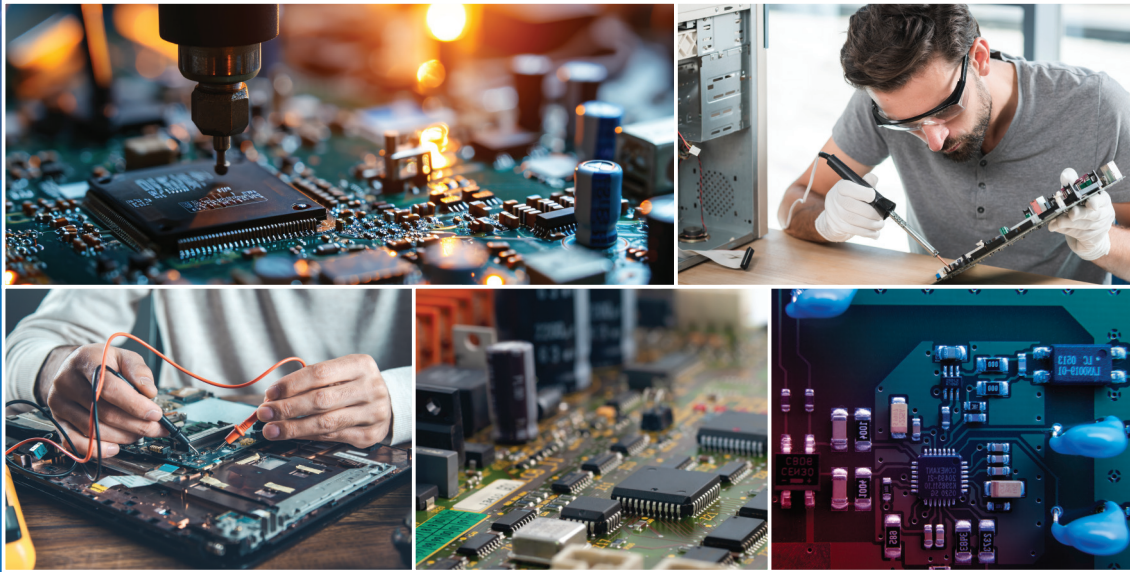

Course will encompass all the basic engineering concepts & trainings necessary for an Electronics Hardware Manufacturing Facility:

- Electro Static Discharge [ESD] & Its importance in Electronics Manufacturing Facility
- Soldering Techniques and Theory
- Types of Soldering Materials
- Basics of Electronics Components & their foot prints
- Basics of printed circuit boards & their types
- IPC guidelines for quality assessment of Electronics Hardware and ROHS Compliance
- Operating of Handheld equipment for manual processes in Electronics Manufacturing
- SOP & hands on training for Automated equipment used in Electronics Manufacturing Factory
- Basic Tools and operation procedures for Electronics Hardware Testing

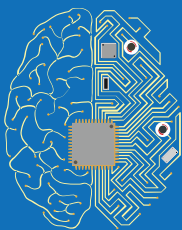

Golden Opportunity !!

Earn, Learn & Get ESSCI Approved Certification!!

EN ISO 9001
EN ISO 14001
EN ISO 45001
